

Sheetal.net Section Audit

Reviewed on July 29, 2026. Scope: the 7 top-menu sections visible on sheetal.net, including Home. Findings below include only issues directly observed from the live pages and full-page screenshots.

Inspected sections: Home, Packers and Movers Bangalore, Packers Movers Delhi, Advertise With Us, Packers Mumbai, Skywing Cargo Since 1999 Packers & Movers Hyderabad, Contact Us.

Home

<https://sheetal.net/>

- Grammar issue in the main paragraph: "a online business listing directory" should be "an online business listing directory."
- Grammar issue in the same paragraph: "We undertake all kind of digital marketing" should use "all kinds" or similar wording.
- The navigation bar wraps onto two lines, which makes the menu block look oversized and awkward relative to the rest of the header.

Packers and Movers Bangalore

<https://sheetal.net/packers-and-movers-bangalore.php>

- The main heading reads "Packers and Movers in Bangalore Surprise!!! Cost Book Now FatShe Top5," which is grammatically broken and hard to understand.
- The breadcrumb uses inconsistent capitalization: "Home > packers and movers Bangalore."
- The body copy has repeated grammar problems, including phrases such as "people asking," "higher and furniture," and "perfectly handle."
- A text-encoding problem is visible deeper in the page content where mojibake characters appear instead of normal punctuation/quotes.

Packers Movers Delhi

<https://sheetal.net/Best-Packers-Movers.php>

- The page contains repeated grammar and wording issues in the intro and review text, for example "packer and movers," "many a times," and several long run-on sentences.
- The footer call number is different from the rest of the Sheetal pages: this page shows 9137674096 while the others prominently show 8121951331.
- The heading "FatShe Packers Movers Delhi -- Online Directory" uses an awkward double hyphen in the visible page title.

Advertise With Us

<https://sheetal.net/advertise-with-us.php>

- The wrong navigation item is highlighted: the active state is on "Packers and Movers Bangalore" instead of "Advertise With Us."
- The paragraph has several grammar issues, including "help business in getting," "service needy," and "We keep restriction presently to the number of listing."

Packers Mumbai

<https://sheetal.net/packers-movers.php>

- The wrong navigation item is highlighted here as well: "Packers and Movers Bangalore" stays active instead of "Packers Mumbai."
- The browser title contains a broken character in the live page metadata: "FatShe█ Packers and Movers in Mumbai..."
- The body copy has frequent grammar problems, including "these type of works," "on the most affordable prices," and "transport it to my new office."

Skywing Cargo Since 1999 Packers & Movers Hyderabad

<https://www.skywingcargopackers.in/packer-movers-hyderabad.php>

- This section switches to a different domain and visual style, so it feels disconnected from the rest of the menu flow.
- The article text has many visible grammar errors, including "the sky been cargo," "Few if the main inputs of them were," and "Lasted customer's Feedback Publication."
- Several paragraphs are very dense and unevenly spaced, which hurts readability compared with the other sections.

Contact Us

<https://sheetal.net/contactus.php>

- The wrong navigation item is highlighted again: "Packers and Movers Bangalore" is active instead of "Contact Us."
- The layout leaves a large empty white area around the contact text, making the section feel unfinished and visually unbalanced.
- The contact content is extremely sparse for a dedicated contact page and mostly repeats information already shown in the footer.
